

Omar Tavarez

Principal Product Designer | AI, Fintech, Complex B2B Workflows, 0→1, Design Systems

omar@designedbyomar.com | designedbyomar.com | [LinkedIn](#)

SUMMARY

Principal product designer with 10+ years building complex products across AI, fintech, healthcare, and enterprise SaaS. I work across strategy, research, UX, prototyping, and design systems, partnering closely with founders, product, and engineering from early product definition through launch.

SELECTED IMPACT

- ~40% reduction in manual posting time through LLM-assisted workflow design
- Replaced 200+ spreadsheets and supported scale from 260 to 900+ offices
- Drove adoption to 1,600+ users and 150 daily users for Disney's Critical Communication Tool; powering 200,000+ emails and communications for 250 critical incidents
- Designed enterprise ad-sales workflows tied to hundreds of millions in bookings
- Led 0→1 design for PlastiQ Connect, supporting \$20M+ in monthly payment volume

EXPERIENCE

Designed by Omar — Torrington, CT (Remote)

Principal Product Designer / Design Consultant | Feb 2026–Present

Partner with startups and growth-stage companies including **Welcome Lend** as an **embedded senior design lead, working directly with founders, product, and engineering** across product strategy, complex workflows, prototyping, interaction design, and **design systems** from early definition through launch.

WISDOM — New York, NY (Remote)

Principal Product Designer (Founding) | Feb 2024–Feb 2026

Sole design lead for an AI-powered dental operations platform. Conducted 200+ user interviews and designed Posting Assistant, Insurance Verification, Reporting, and Management Portal—reducing manual posting time by ~40%, replacing 200+ spreadsheets, and helping the business scale from 260 to 900+ offices.

SIMPLERO — Brooklyn, NY (Remote)

Lead Product Designer | Apr 2023–Dec 2023

Led product design for **Page Builder 2.0** and a redesigned **Shopping Cart** in a founder-led SaaS environment. Ran discovery, explored and tested flows, and simplified checkout—contributing to a 9% increase in sales.

PLASTIQ — San Francisco, CA (Remote)

Product Design Lead | Apr 2021–Apr 2023

Sole designer for PlastiQ Connect, a **PCI-compliant embedded payments and API product**. Designed the product from 0→1, including partner integration workflows and enterprise UX, helping win **Billfire, Brex, and PayGround** and support \$20M+ in monthly payment volume.

DISNEY — Bristol, CT

Senior User Experience Designer | Aug 2019–Apr 2021

Designed **enterprise workflow and communication tools** across Disney media brands, helping unify ad sales operations tied to **hundreds of millions in bookings**. Led UX for an internal communication product adopted by **1,600+ users** and used across **200,000+ emails**.

GoNation — Milford, CT

Senior User Experience Designer / Jan 2019–Aug 2019

Sole designer across hospitality SaaS, CMS, ordering, and mobile products in a founder-led environment, shipping **B2B and consumer experiences** for restaurant and SMB workflows.

EARLIER EXPERIENCE

Meredith / Time Inc. (Synapse), Pyle Audio, Park Media Graphics, City of New Haven, CD Universe, Design & Print LLC

EDUCATION

New York University — Digital Communications (Web & Mobile Design), Advertising | 2014–2015

Gateway Community College — Digital Communications (Web & Mobile Design) | 2012–2013
